EXHIBITION GUIDE

Accucoms

Stand: 50

Contact: Egon Menardi

Email: egon.menardi@accucoms.com

Website: www.accucoms.com

Accucoms offers a range of services that include: direct marketing, telemarketing, sales representation and support, market research and customer service.

Our multilingual team has an in-depth knowledge of the complex interactions between publishers, subscription agents, librarians, readers and authors. We believe that customers appreciate being contacted in their own language and that this translates into good business for our clients. Our in-depth knowledge of the STM industry as well as cultural differences means that we offer a uniquely tailored service, much valued by the library community.

Our clients range from global publishing houses through to small specialist society publishers.

ACS Publications

Stand: 59

Contact: Andrew Pitts

Email: a_pitts@acs.org

Website: <http://pubs.acs.org>

The Publications Division of the American Chemical Society provides the worldwide scientific community with a comprehensive collection of the most cited peer-reviewed journals in the chemical and related sciences. ACS Publications offers 36 prestigious journals in addition to its weekly newsmagazine covering the chemical enterprise, C&EN. With the ACS Journal Archives, ACS Publications provide searchable access to over 130 years of original research in chemistry, including more than 750,000 articles contained in 3 million plus pages of chemistry findings, dating back to the introduction of the *Journal of the American Chemical Society* in 1879.

Alexander Street Press

Stand: 56

Contact: Andrew Hall

Email: ahall@astreetpress.com

Website: www.alexanderstreet.com

Alexander Street Press is a global leading academic publisher of electronic online databases, comprising of video, sound and text publishing more than 60 collections. Our focus is on building the best collections possible across the humanities, music, and social sciences within the following disciplines - Music (listening and reference); Performing Arts, Drama, & Film; Psychology; Religion; Social and Cultural History (including Personal Narratives); Sociology; and World Literature. We also have two specialised collections - Women's History & Literature and Black History & Literature. We are committed to expanding the possibilities of the user search with award-winning functionality and semantic (deep) indexing of all the component elements of our content.

American Institute of Physics

Stand: 60

Contact: Douglas LaFrenier

Email: dlafrenier@aip.org

Website: www.aip.org

AIP is the publisher or co-publisher of two magazines, AIP Conference Proceedings, and 11 of the world's most highly cited physical science journals. Visit us at Stand 60 to learn about our exciting new online publication, Journal of Renewable and Sustainable Energy, and our new open access journal, Biomicrofluidics. We're also offering new online subscriptions for Physics Today and for seven AIP Conference Proceedings subseries. Be sure to ask us about our COUNTER-compliant usage statistics service, and how AIP consortia licensing can help you provide access to more than 75 journals from 18 leading scholarly publishers.

American Medical Association

Stand: 19

Contact: Gretchen Linder

Email: Gretchen.Linder@ama-assn.org

Website: <https://ama@ama-assn.org>

Explore the world of medicine with *JAMA & Archives Journals*, the scientific journals of the AMA. Each title is among the most respected, highly relevant, and often cited in its field, available in print or online, with full-text access for institutions, corporations, and organizations through a company-wide site license. This powerful research tool will search across all *JAMA & Archives* publications accessing clinically relevant information in more than 45 key medical specialties. Full content is available on the date of publication.

Annual Reviews

Stand: 10

Contact: Jenni Rankin

Email: sitelicense@annualreviews.org

Website: www.annualreviews.org

Annual Reviews provides critical, authoritative reviews by leading scientists within 40 essential disciplines in the Biomedical, Life, Physical and Social Sciences. Site licenses are available for both current and back volume content and offer permanent data rights to subscribed content. NESLi2 pricing available.

New and forthcoming Annual Reviews titles include:

- Marine Science (January 2009)
- Economics (September 2009)
- Resource Economics (October 2009)
- Financial Economics (December 2009)
- Food Science and Technology (March 2010)
- Chemical and Biomolecular Engineering (July 2010)
- Condensed Matter Physics (August 2010)

ARTstor

Stand: 87
Contact: Myka Carroll
Email: participation@artstor.org
Website: www.artstor.org

ARTstor is a digital library of nearly 1,000,000 images for use across the curriculum in the areas of art, the humanities, and social sciences with a set of tools to view, present, and manage images for teaching and learning.

Backstage Library Works

Stand: 90
Contact: Maritta Coppieters
Email: info@bslw.com
Website: www.bslw.com

Backstage Library Works provides professional and technical services to help you better deliver information resources to your patrons.

You can call on our expertise for:

- Original Cataloguing
- Marcadia® Automated Copy Cataloguing
- Non-Roman Scripts (CJK/JACKPHY)

EDINA

Stand: 24

Contact: Andrew Bevan

Email: edina@ed.ac.uk

Website: http://edina.ac.uk

EDINA is a JISC funded national data centre based at the University of Edinburgh. We primarily provide the UK Higher & Further Education, and research communities with a range of resources of differing types covering most subject areas. These include the Depot, an e-prints repository, SUNCAT - the UK national serials union catalogue and the UKLOCKSS alliance, an e-journal archiving initiative.

We are also engaged in research and development activity. In the context of serials such projects include PEPRS (Piloting an E-journals Preservation Registry Service), a Shared OpenURL Data Infrastructure Investigation and the recent Low Cost OpenURL Resolver study.

Eduserv

Stand: 49

Contact: Sadie-Jayne Redman

Email: contact@eduserv.org.uk

Website: www.eduserv.org.uk

Eduserv is a not-for-profit IT service organisation. Our mission is to realise the benefits of IT for learning and research.

Access & Identity Management

Athens and OpenAthens enable organisations to provide learners and researchers with single sign-on access to online resources. Over four million users worldwide currently access protected resources from over 200 providers.

Licence Negotiation Services

Working with our partners in learning and research to deliver preferential terms and conditions for a wide range of software and data product licences.

Web Solutions

Site hosting, web development, content management and consultancy for the education and wider public sector.

Elsevier B.V.

Stand: 43 & 45

Contact: Mr. C. James

Email: CD.James@elsevier.com

Website: www.elsevier.com

Since 1580 Elsevier has published content for the higher education and research community, making it available via platforms such as ScienceDirect, known globally for its reliability and innovative approach to science.

Elsevier offers a journal collection of over 2,000 current titles consisting of more than 9.3 million articles, including a historical archive (backfiles) of 4 million articles prior to 1995 directly to your desktop, back to Volume 1, Issue 1.

To complement our journal offerings we offer quality online book material and Scopus, our navigational tool covering the world's largest collection of abstracts, references and indexes of STM literature.

Emerald Group Publishing

Stand: 20

Contact: Helen Evans

Email: emerald@emeraldinsight.com

Website: www.emeraldinsight.com

Established in 1967, Emerald Group Publishing Limited is the world's leading publisher of management research. In total, Emerald publishes over 700 titles, comprising 200 journals, over 300 books and more than 200 book series as well as an extensive range of online products and services. Emerald is COUNTER-compliant, meeting the international code of practice for reports that measure usage of online information products and services consistently.

Emerald's publishing philosophy is "Research You Can Use", which means that our content is both rigorous and relevant, connecting the academic world with the world of management practice.

Ex Libris Group

Stand: 84

Contact: Robert Bley

Email: infouk@exlibrisgroup.com

Website: www.exlibrisgoup.com

Ex Libris caters to academic and research libraries of every type. Built on open architecture and interoperability standards, all our products are flexible and customizable, whether implemented as stand-alone solutions or integrated with existing environments.

Solutions include:

Primo - the tool that puts libraries at the centre of institutions' e-collections and the user at the centre of the search experience

bX - the scholarly article recommender service

Aleph - the library system for academic and research libraries.

SFX/Verde - the integrated linking and ERM solution

MetaLib - for federated searching

DigiTool - for exposing institutional repositories and collections

Rosetta - for preservation of digital assets

F1000

Stand: 61
Contact: F1000 Marketing Dept
Email: marketing@f1000.com
Website: www.f1000.com

F1000 (www.f1000.com) provides online up-to-the-minute expert guides to the most important advances in the life sciences, with authoritative insights on key findings from over 5000 world-leading researchers and clinicians.

This award-winning service highlights critically important discoveries from a wide range of both obvious and obscure journals. And, crucially, explains *why* they are important.

With thousands of opinion leaders sifting through the literature to identify the top 2%, F1000 is deliberately selective, saving users time finding the papers that matter. One very popular feature is customized 'My F1000' alerts, ensuring users don't miss either the most seminal papers or those "left-of-field".

Future Science Group

Stand: 34
Contact: Simon Boisseau
Email: info@futuremedicine.com
Website: www.future-science-group.com

Future Science Group are pioneering publishers of medical journals including the Expert Reviews and Future Medicine Collections. Apart from 5 new journal launches, 2009 sees the launch of its latest imprint, Future Science, which will be extending into the areas of healthcare R&D, chemistry and environmental science. Please visit the stand for more information or to request a trial.

Gale, part of Cengage Learning

Stand: 26
